

PRECISION PERFORMANCE. EXCEPTIONAL ENGINEERING. DEFINITELY **DYNOMAX**.

Need vertical integration? We're all over it.

An ISO 9001 and AS9100 registered company, Dynamax is a leader in value-added engineering and precision machining. Our customers include some of the largest names in aerospace, defense, transportation, energy, mining, and construction industries.

Dynamax's turnkey solutions give you simplified logistics, reduced costs, and superior quality components. With over 25 years of experience, we have a broad range of capabilities centered on technological advancement.

- From raw material to finished product.
- From small parts zero to 30 inches, to large parts up to 23 feet.
- From aluminum and stainless steel, to titanium and metal alloys.

Enhance your competitive edge. Choose Dynamax.

DYNOMAX KNOWS AEROSPACE!
